

Frederick Harrington
Fred Barnes
CO600: Project Meeting

Meeting 11th Oct 2015

Present: Alex, Harry, Fred, James, Mo

Aims:

Each person should go away and brainstorm technologies and questions related to their area.

On Friday 9th will come together to collect and document our plan for implementation

Harry

Front-end

What backend requirements does the front-end require

Methods

Fred

Documentation Overview

WIP Cracking

Backend

HTTPS <https://github.com/BlueHarvest28/AnexD.git>

SSH [git@github.com:BlueHarvest28/AnexD.git](ssh:git@github.com:BlueHarvest28/AnexD.git)

James:

Charge of Backend

What Technologies for backend

What Methods for backend

What backend requirements must front-end meet.

Mo:

Backend

Work with James, Wednesday 7th and Thursday 8th
