## Quality Assurance Form

### Basic Details

Item Name:	index.js			
Item Type:	Code: √		Documentation: X	
Author:	Harry Jones HJ80 & Frederick Harrington FH98			
Item Description	index.js is the controller for the first webpage of the website. It contains functions and variables for logging in, signing up and updating your password as well as logging out. It calls directives and factories to communicate with the backend of the Anexd Platform.			
Project Element	Design: X	Frontend: √	Backend: X	App: X

### Code Standards

<b>Coding Convention:</b>	QA JavaScript Checklist
<b>Conformity to Standard:</b>	Controller index.js successfully means QA standards. When the code is validated by JSLint it is accepted without warning. One warning is showed by JSHint but its related to Angular and is void in our QA checklist.
<b>Read-Me File:</b>	N/A
<b>Commenting:</b>	Use of commenting is correct and abundant.
