Deliverables?

- An informative poster for display at the project fair;
- An abstract which will be used at the poster fair to describe your work and achievements. The abstract template can be found here;

- A technical report;

- A well-indexed corpus of material that supports the achievements claimed;

- Possibly, one or more artifacts (typically computer programs, but possibly taking other forms, such as a VLSI chip design);

- An individual report;

- Seminar for CO620 projects.
